## Medford High School

From the moment of a child's first memory, the melodies and lyrics of life form a basis for our links to the past. It is the one universal language, crossing mountains, oceans, deserts and decades. Every member of the class of '94 has a personal collection of favorite songs and artists. These collections are like the symbols embossed on our yearbook's cover. They are unique to themselves but together form a student body, the class of 1994.

They have the power to excite, & to calm. They help us to study, work, and relate to people. Our lives are on the verge of change. Though we seek new sights, we lean on familiar sounds. As this book ages like a fine wine or a classic painting, let the memories inspired by the lyrical phrases placed throughout *The Blue & White 1994* remain a catalyst of the many emotions that may have been first felt while a student at Medford High School.

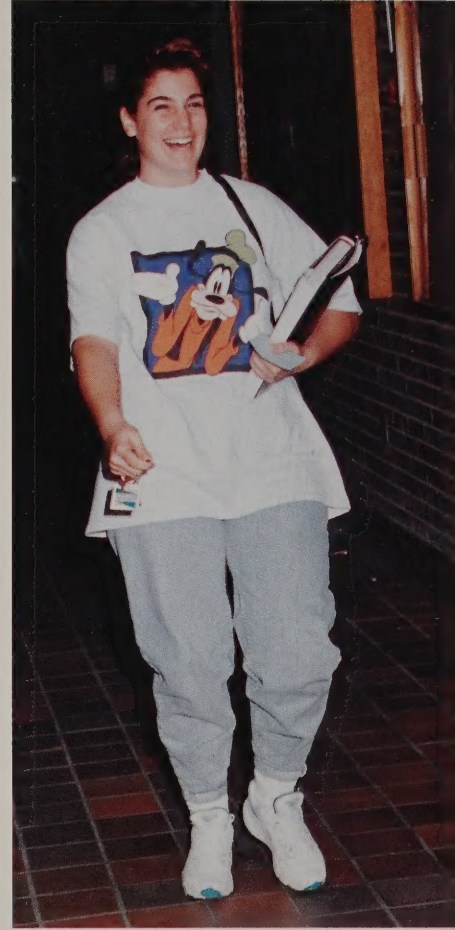

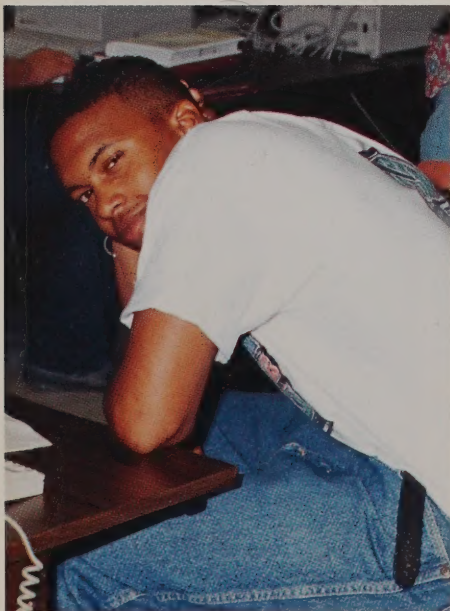

# "CUT TO THE CHASE"

Shirley Chevy does her best Maculay Culkin impression.

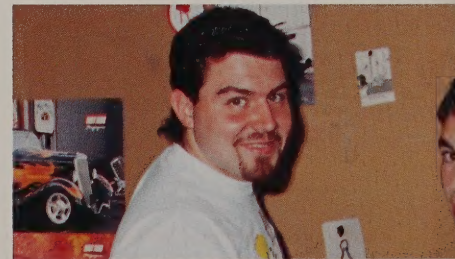

Gina Bongiorno cruises the hallways.

Brendan Foster is too sexy for his class.

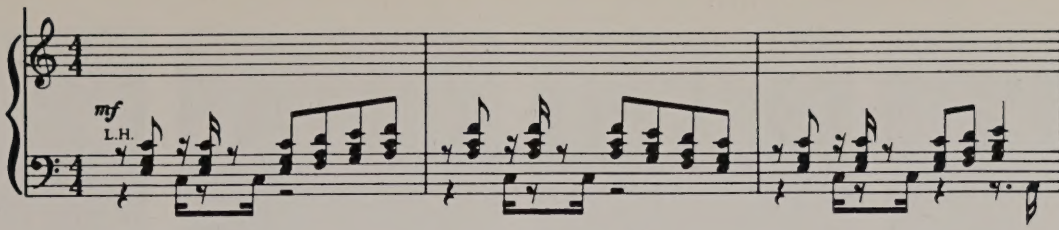

Isn't she lovely?-Kerry Kearn

Yes, I know I'm a stud.-Eric Morris

"... I'm old enough not to care too much  
About what you think about me,  
But I'm young enough to remember the future  
And the way things ought to be"  
-RUSH

I believe that children are our future, teach them well and let them lead the way.

The one thing about Medford Vocational Technical High School that I'll remember for the rest of my life and when I graduate is the friendliness of all the teachers. I can remember when I was a freshman, I was a nobody and they made you feel or be somebody. They were always there for you to talk to, etc. All these wonderful memories I've had at attending the Voc and with all the good times my friends and I have had, all the people I've met; that's what'll stay with me for the rest of my life. I guess that's what people treasure the most out of all the memories.

# ONE MOMENT IN TIME

On May 21, 1993, we as juniors, experienced our first formal dance; our junior prom. The stars were twinkling as the parade of limos pulled up to Montvale Plaza, and the girls and guys stepped out in style. After taking pictures, we settled down and enjoyed a buffet of delicious food. Soon the music started, the shoes were kicked off, ties were loosened, and the party began. Later in the night, the King and Queen were crowned, Jason Mastroilli and his date Lisa Pino. We stood back and watched as they danced to the theme song, "Wonderful Tonight", by Eric Clapton. All in all a good time was had by everyone, and we were a tribute to our school.

# JUNIOR PROM 1993

After a long night of dancing, Jim Lloyd lends Katie DeStefano his shoulder.

The floor is packed as Medford's finest dance the night away.

"I swear, we were only talking!", says Mike Marino and Tom Ambrosio's date.

Above left: "Yeah, I know I'm the best dancer here!", exclaims Paul Roselle.

Above right: Could the smiles on Pam Marangos and her date be any wider?

Kristen Burke and her date take a breather from dancing.

Seated are Shannon Sullivan and Jeanine Femino. Standing are Mr. Hickey, Eric Morris, and Frederick Burke.

Congratulations to the Class of 1994! We did it! Our years of hard work have finally paid off, and it has come time for us to leave Medford High. But Medford High will never leave us. We will always have the friendships and memories that we made, and these will stay with us forever. In the words of Billy Joel, "This is the time to remember, 'cause it will not last forever."

I would like to thank all of you for giving me and the class officers the chance to help you. It was both an honor and a pleasure to serve as your President. I would also like to thank you for giving me the most memorable years of my life. I will treasure the times we have shared together always.

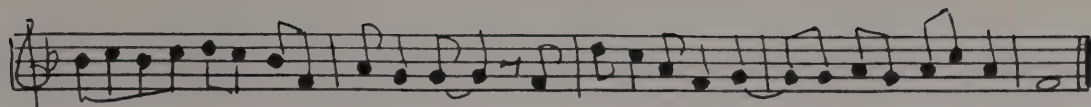

In closing, I would like to wish every member of the MHS Class of 1994 the best of luck and all the happiness life can bring. Whatever path you may choose, I hope it will lead to success and happiness.

Thank You,

Laura Volpe

President, MHS Class of 1994

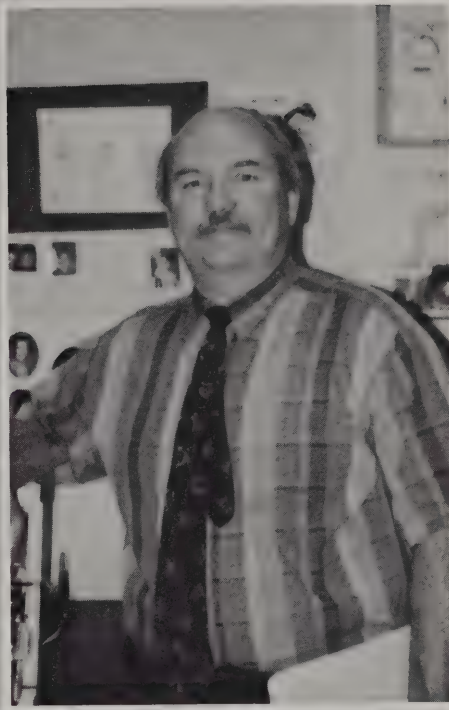

## CLASS OF 1994 ADVISORS

Mrs. Diane  
Abramson

Mrs. Michelle Boll

Mr. Kevin Hickey

The Class of 1994 would like to offer our sincere thanks to our class advisors, Mrs. Diane Abramson, Mrs. Michelle Boll & Mr. Kevin Hickey. Because of them, we have fond memories of the time we have spent together, we have friendships that will last a lifetime, we have lessons learned about working with different people towards one goal, and an understanding gained from this work. Their dedication and devotion to our class should be an inspiration to us all. They have always been willing to lend a helping hand to those of us in need and to support us in all our endeavors. Advising the Class of 1994 was sometimes difficult, but they handled the task with grace and dignity. It is with great thanks and sincere gratitude that we leave MHS with the wonderful memories that Mrs. Abramson, Mrs. Boll, & Mr. Hickey helped us to create and that we will carry with us always.

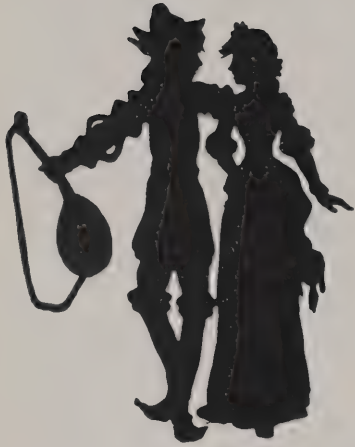

Thank You,

Laura Volpe

# CURTIS-TUFTS ALTERNATIVE SCHOOL

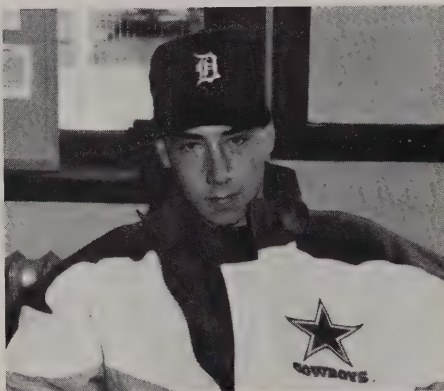

Where does the high school student go when he/she is not successful at Medford High? One teenager may leave, quit school, and never receive the diploma he/she has worked for over the years. Another may have the opportunity to attend the Curtis-Tufts Alternative School.

The program, led by Mr. Alan Levy, serves a maximum of forty students at a time. Presently in its thirteenth year, it includes students from Everett, Newton, and Medford. Each graduate meets the requirements of his/her home high school. With two counselors and six teachers, each student is taught to deal with the day to day pressures appropriately, while he/she sets goals for a future in the real world.

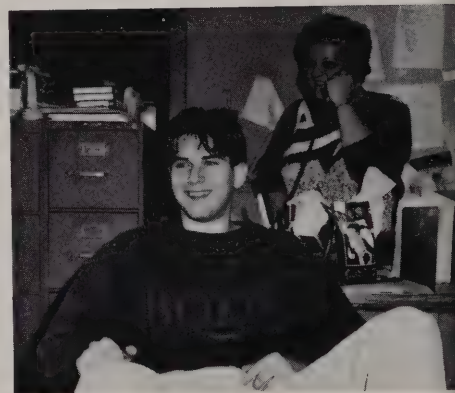

The members of the Class of 1994 are looking forward to the Armed Services, culinary art programs, college, secretarial school, and the world of work. Future alumni include: Jessica Doherty, Dan Gollock, Charles Green, Sherri Kormoney, Martin Parelle, Lori Tanner, Brian Tivnan, and Joe Wright. Best of Luck Grads!

# "MONSTER MASH"

Medford High School celebrated the coming of Halloween in style. On October 30, 1993, the cages were alive with the sound of music, laughter, and fun. As a large amount of students showed up, wearing some bizzare costumes, the dance got under way. We saw everything from a flasher to an old lady, and from a cow to some "attractive" cheerleaders. It would be safe to say that a fun time was had by all.

# "GIVING SOMETHING BACK"

Mayor Michael McGlynn presents Matt with a key to the city.

As we began our '93-'94 school year, 1986 MHS graduate Matthew LoGuidice began his cross-country bike trip. Matt was not alone on his journey, his girlfriend Ashley Welsh accompanied him across the U.S. As Matt and Ashley made their way from Medford, Oregon back to Medford, Ma, they encountered new surroundings and stayed with new people each night. This trip was not to prove power or determination on Matt and Ashley's behalf, but rather to raise money for an annual \$1,000 scholarship, which will be presented to a graduating MHS senior. We should all give thanks to Matt, because it's his determination to "give something back", that will make it easier for a MHS student to attend college.

M.H.S. welcomes Matt back.

Matt and Ashley deserve a breather.

# "TEACH YOUR CHILDREN WELL"

Throughout our four years at Medford High School, the faculty members have encouraged and inspired every one of our individual dreams. They have devoted their time and energy to our education and are truly personalized to fit every student's needs.

"... Teach your children well their fathers hell did slowly go by and feed them on your dreams the one they fix the one you know by. Don't you ever ask them why, if they told you you would die so just look at them and sigh, and know they love you."

# SUPERINTENDENT'S MESSAGE

Dr. Philip F. Devaux  
Superintendent

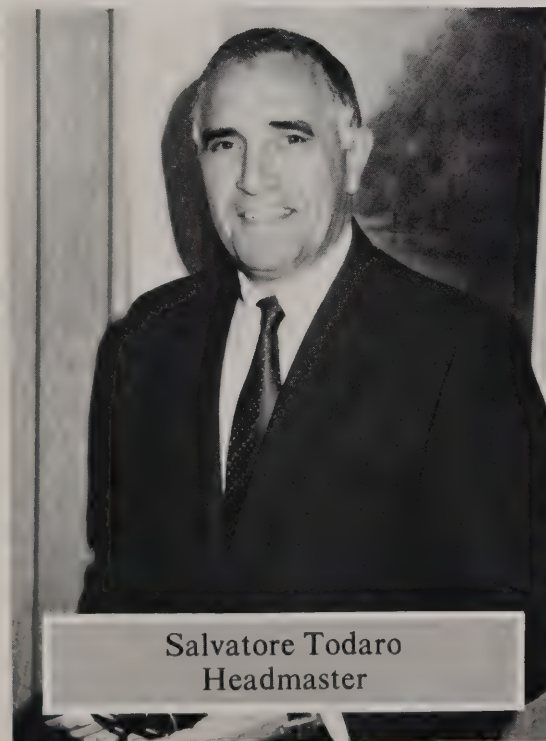

It is with enthusiasm and pride that I offer my congratulations to the Medford High School Class of 1994. Those years you once may have thought would never end have passed ever so quickly. They likely were filled with the widest range of emotions and achievements and provided a glimpse of the peaks and valleys that represent the life you now face immediately upon graduation.

There are no certain paths as you step forward and promptly make a surprising number of critical decisions and choices for yourself and others around you. I hope that the teaching and learning that was a part of your Medford High School experience will provide the necessary foundation for you to be individually successful in all of your ambitions. I also hope that you are able to reflect on the diversity of your school days with a view to creating a new world environment that is supportive of mankind's many wants and needs. You had the benefit of attending a large suburban high school only minutes from one of America's finest cities in a region noted for its educational environment and in that context much of your learning gains its meaning and develops its focus. As you conclude this formative period, it is always with an eye to the future, for it will be many years before you develop a sense of the past.

Your classmates and teachers have been part of a world you will never forget. The experiences that you have shared will forever be a part of you. As alumni, you join with thousands who have preceded you to become part of a tradition that crosses centuries and includes accomplishments and achievements which are a source of pride to all. On behalf of the Medford Public Schools, I wish you continued success.

*Dr. Philip F. Devaux*

# HEADMASTER'S MESSAGE

Salvatore Todaro  
Headmaster

The members of the Class of 1994 are being recognized for the understanding and the sensitivity they have shown toward social concerns locally and nationally. Their ideas and contributions have been realistically based on qualitative principles. Each member, in their own way has made meaningful and lasting contributions to the school. Each contribution that was made was well received because it was broad based, thus effecting numerous persons in a positive way.

As the members of this Class look to the future, they will encounter trying situations that can only be resolved through commitment to purpose. They will include the major issues that have been festering in our society for many years.

The graduates must view life from a global perspective where all people play a meaningful role in determining the direction of national and international outcomes. Each of you will be entering a new era of partnership with humanity in every corner of the globe. All of you will be called upon to contribute your time and expertise in helping to resolve complex problems. The issues are to be dealt with in a forthright manner by maintaining an open mind to all plausible solutions being offered and considered. I, as Headmaster, feel that the members of the graduating class have the vision and the tenacity to see important missions come to fruition during their lifetime.

Again, each of you will experience your own personal trials and tribulations along with momentous occasions of untold joy and happiness. The aforementioned experiences will take on different directions - paths in life. What you have already experienced as young men and women is that nothing remains constant. Regardless of past resolves, you will find that the overall inertia of life redirects our energies and our goals in new directions. This is a life process all of you will experience and which your parents and your grandparents have already worked their way through - hopefully with productive and rewarding results.

The unknown is to be treated as a challenge and not to be feared. The challenge to seek no compromise that may violate your personal standards is a quality that will place each of you on the highest pedestal of integrity. Always feel free to express your inner feelings at all times. Open and candid expressions will allow you the flexibility to reach fair and equitable decisions in working out each individual challenge.

In closing, I should like to leave the Class of 1994 with a thought best expressed by Henry Wadsworth Longfellow . . . "Lives of great men all remind us we can make our lives sublime, and, departing, leave behind us footprints on the sands of time . . ."

# VOKE DIRECTOR'S MESSAGE

Lawrence Volpe  
Vocational School Director

The Class of "94" has a special place in my heart. You have endured more than high school students should have to experience, and you have successfully dealt with every situation. You should be proud of yourselves as a group and as individuals for your contributions to your school. The Class of 1994 has taken a negative and turned it into a positive situation, thus enabling Medford High School to have its best year in recent memory. Your leadership has unified the entire student body towards a single purpose . . . the best education possible. You have grown in many ways through your experiences, and even though they were painful lessons you will be better prepared for the rigors of society because of what transpired.

As you walk across the stage at Hormel Stadium, you begin another chapter in your life. Whether it be the military, the world of work, or post-secondary education, you may take comfort in the fact that you have been well prepared to succeed at that endeavor. The lessons learned inside and outside the classroom will hold you in good stead as you encounter the challenges of a young adult in a complex society. The Class of 94 has the ability to communicate, compute, and calculate, and you graduate as productive citizens of our nation and the global community. You will be faced with difficult decisions and tough choices. However, you can rely on the strong foundation your education at Medford High School has provided to make correct decisions and wise choices.

In closing, I wish you all the best in all your endeavors. Aim your sights high, work hard, respect your fellow man, follow the Golden Rule. Success and happiness will find you. Maintain a sense of humor even when things aren't going your way, for even behind the darkest cloud the sun is shining. The most important thing I can say is that "Medford High School is truly a better place because of you, the Class of 1994." In my opinion, that is the ultimate compliment for a class. May your educational experiences at Medford High School be "The Wind Beneath Your Wings" as you soar to new heights in achieving your personal, career, and educational goals. I will leave you with a thought from David Brinkley, "A successful person is one who can lay a firm foundation with the bricks that others throw at him."

# "ITS IN THE WAY THAT YOU

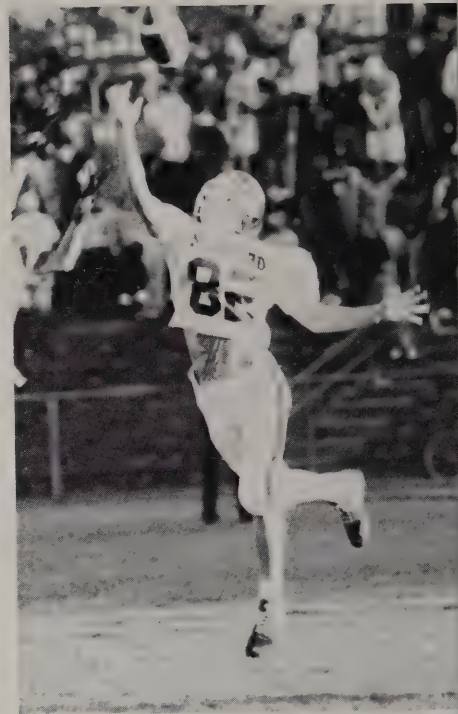

There is no better way to illustrate a team's performance than by saying, "It's in the way that you use it." The Medford Mustangs came into the 1993 season as a gigantic question mark. With the loss of 20 seniors, many new players were asked to step up and make the big plays at the varsity level. However, you can only go as far as your talent and experience takes you, you have to use it.

With quarterback Chris Jones at the helm, and Tri-Captains Mike Deterding, Brian Jewett, and Andy Jenner to lead the squad, they hoped to make a respectable showing. They also had Tirrell Halls, who moved back from Texas, an amazing running back. They set off with lofty ambitions and high goals. When the season was over, the Mustangs didn't have the best record, but they played competitively in every game. Every player gave 110 percent and never gave up. Not many teams can make that claim.

The Mustangs didn't win the GBL crown that year, and they didn't advance to the Superbowl, but they gained something that we all should be proud of . . . Mustang Pride.

Medford has had some strong girls soccer teams in the past, and this year's team had some high expectations to keep up the winning ways. But while they worked hard and played even harder, the 1993 team missed qualifying for the MIAA tournament by a couple of points.

But this team was nevertheless, full of winners. Their total combined effort was displayed in every game, both in work ethic and on the scoreboard. With players like Kerry Kearns, Allison Burns, Janine Travers, Jessica Antonellis, Kelly Lawrence, Kristy Sweeney, and Danielle Pappas, the team controlled both sides of the field. The biggest offensive threat coming in the form of Kearns and the staunch defense by Burns and Travers.

Even though the girls just missed the tournament, they can still hold their heads up high and be considered . . . champions.

# "FOOTLOOSE!"

Footloose, and hungry would describe the 1993 Boys Soccer Team. Hungry for the GBL title, and Ready to get it.

They did not win the GBL but they did have a record they should be proud of. Finishing at 6-8-2, the Mustangs turned it on at the end of the season. Led by the Tri-Captains Bill Kelly, Tory Marino, and Leo Vechierello, the squad gave it their all each and every time they went out. These three, bolstered by the play of Sean Mangan, Roberto Luongo, and the brilliant goal-scoring ability of Alex Cruz, the boys had many opposing goalies in fear. These individuals, coupled with the strong defensive play of goalie Chuck Chiesa made for an up and down season.

The team was disappointed with their finish but enjoyed the year and the game of soccer. That is the true meaning of sportsmanship.

The 1993 Boys Cross Country Team was off and running early this season, finishing with a record of 5-2, placing them second in GBL competition.

The boys were paced by the returning veteran, captain Sean Griffin and hoped to be competitive this year. They won almost all of their matches, losing only once at a Tri-City meet to both Peabody and Cambridge. The following match, they came back to crush Waltham by a huge margin. This effort both pleased and surprised Coach Lou Ruggerio who is already looking forward to next year. The squad was the epitome of hard work and dedication with members like senior Chris Walsh, and junior Keely Murphy, also noteworthy was Keren Charles.

"Gentlemen, start your engines!"

There were many small improvements this year, but most notably was Sean Griffin, who won the League meet, clearly establishing himself as the best runner in the GBL. The entire team should be congratulated on a job well done and good luck to next year's squad who will try to achieve the same level of excellence. Their strong finish was worth every breath they took, and every move they made.

Left: Amanda Fitzmeyer eyes the camera

Right: Rita Bertorelli goes for gold

From the gun shot that started it all, to the last race they ran, the 1993 Girls Cross Country Team ran hard and never looked back. They won the GBL title for the fourth consecutive year, establishing themselves as a GBL powerhouse and once again raised the championship banner in the Cooper Cages.

With many players coming back from last year, the Mustangs were expected to finish well, but the championship surprised even Coach Lou Ruggiero. His three main runners, Amanda Fitzmeyer, Kate Toomey, and Darlene Penachio, have won a championship each of the four years they have been here. These ladies, combined with other members Rita Bertorelli, Cheryl Heckbert, and Bridget Christensen, help make up the starting team. Freshman Nicki Russell also was a big first year surprise and filled in nicely. "There was no one on our team who has not progressed" said Ruggiero.

The squad went on to compete in the state meet with high hopes this year, but regardless of the outcome, they won the GBL title four years in a row, earning their place in Mustang history.

Captains Kim Mitchell and Jennifer Connolly, coupled with junior Michelle Gaughan and sophomore Sarah Brown, were named to the All-American team and traveled to Ireland to cheer in the Lord Mayor's Saint Patrick's Day Parade in March.

This successful squad was led by Tri-Captains Kim Mitchell, Amy Hackett, and Jennifer Connolly. Other members include Jamie Alves, Shelia Cormier, Jody Sheehan, Michelle Gaughan, Cynthia Weber, Heather Fahey, Angela Sewell, Rose Nazzaro, Sarah Brown, Ellyn Farrante, Kim Conlan, Amy Lutkivich, Jennifer Lynch, Marianne Cassanta, Jill Swain, and alternate Lynne Tavanese. The girls are coached by Cheryl Pasinato and Camille Guarino along with Lisa Evangellista. (Honorary members include Kevin Brown, Brian Skerry, Angelo Antidormi, and Bill Condon).

When memory moves you to laugh or cry, each member of the major sporting teams will remember that crazy group of girls who yelled and kicked and made complicated formations. They will remember them and when they do, a smile will cross their face. Dedication and loyalty have no price, they can't be bought, only earned. "Let's give a cheer for the Medford Cheerleaders, here's to you, go Medford Cheerleaders!"

## "SHOUT"

"Is there something on my face?" Kim Conlon and her immortal facial expressions make for great pictures.

Senior Jody Sheehan is usually on the base of the formations. She is one of the most experienced and strongest members on the team.

Double Take? No, these two pictures are just two of the formation that the team performs.

Even in the cold weather and all through the hard times, the Mustangs always had support from the girls in Blue and White. Thank you very much.

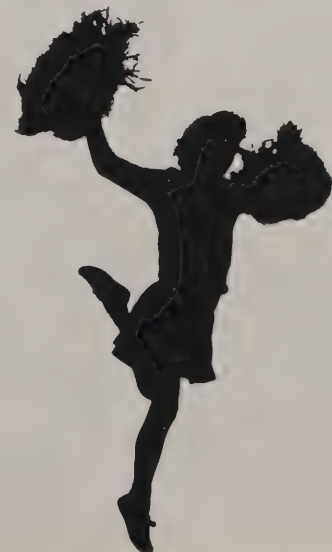

Just a little wave to the crowd.

Not all cheerleaders are camera shy! These girls crowd together for a group shot.

Who ever said all cheerleaders were pretty?

# “JUMP”

The 1993-1994 boys hoop team was at it again, wreaking havoc in the GBL. They began their stampede in December and it lasted until spring, leaving them on top of the world.

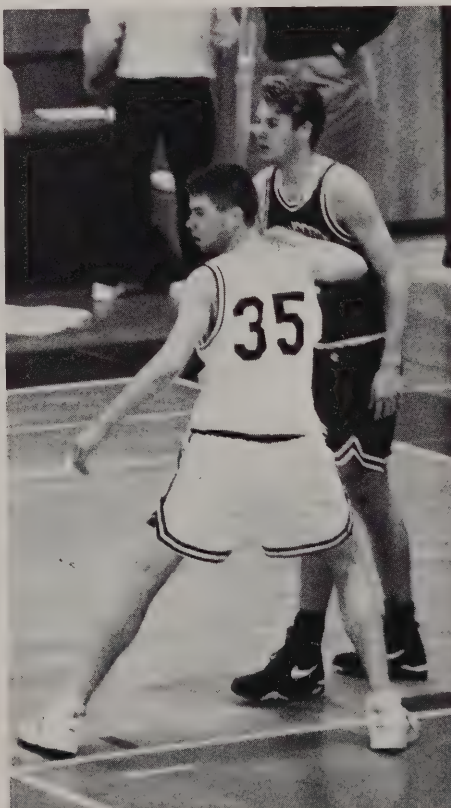

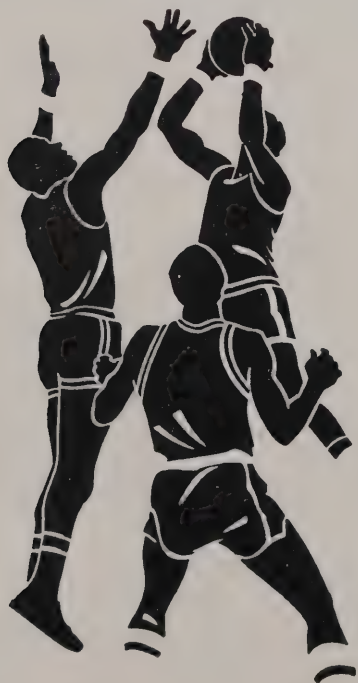

Led by senior point guard Brian Skerry, whose mere court presence lifted the games of those he played with, had a stellar year. His leadership, coupled with the shooting touch of junior Jean Bain, made them the most feared back-court in the league.

The ‘Mighty’ Mustang frontcourt was headed up by Eric Walsh, the embodiment of a workhorse both in size and heart. He played hard every night out, and was the best defensive player on the team. His talents combined with the help of junior Keith McNally, did a great job controlling the boards and supplying some blocked shots.

With this surplus of talent the team was ready to make a run at the GBL title. To get there though, they had to defeat both Cambridge Ringe & Latin and Everett High, the two toughest competitors in the league. They ran hard and coach Ryser’s signature, a blanketing man-to-man defense propelled them to a GBL title berth. May the members of the 93-94 team always remember that they were part of a winning tradition, and will always have a home in the hallowed hall of MHS.

# "ONE ON ONE"

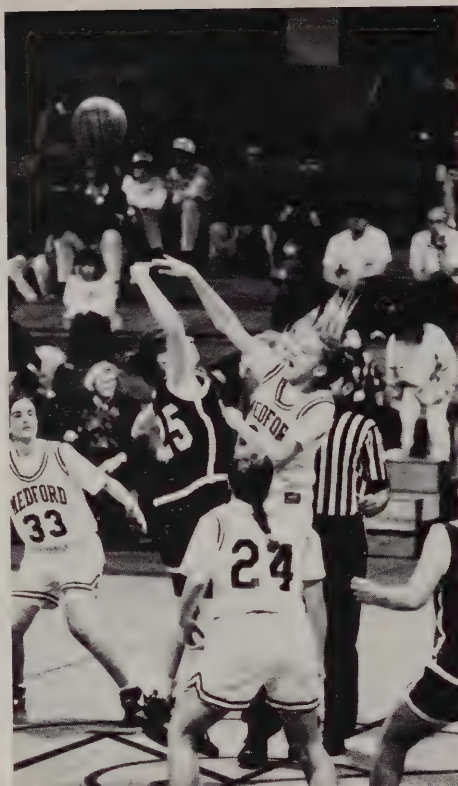

While there are no women in the NBA, there are many quality players on the high school level, many of which reside here at MHS and the 1993-1994 girls Varsity Basketball team proves it.

The squad, behind the phenomenal court prowess of junior point guard Denise Pachan, whom we may also add is the best free throw shooter in the state, and the leadership qualities possessed by senior Co-captain Kristy Sweeney. The squad is still remarkably in good shape, even after the loss of Dina Goggin, Rachel DeFrancisco, and Medford's greatest scorer ever, Alyssa Sluz. This is due mostly to the two mentioned above and the now 'sophomore sensation,' Kristin McCormack. The bench players also helped out with people like Allison Cireno and Stacy Saggias,

Coach Ardolino has done a fantastic job with the girls hoop program during his tenure here. There were many season highlights but the most impressive win was the blowout of arch-rival Malden by almost 30 pts.

The ladies established a dominant team and had yet another great season, showing that they will survive in the present, and excel in the future.

# BORN TO BE WILD

In the winter months, no other sport clearly embodies the spirit of the cold quite like hockey. MHS is no exception and the team for the 1993-1994 season hoped to work the same magic that brought them to the ice in the Boston Garden.

However as luck would have it, this was not the case. They had to recover from losing almost all their seniors, and most especially Shawn Bates. After winning the first two games of the season, they proceeded to drop the next five. This losing streak made it all but impossible for a repeat title. Coach Driscoll did salvage some wins though, led by senior goalie Eric Morris, and a host of returning players. The most impressive of these, a 14-0 win over Cambridge.

While the winter wasn't as warm as people hoped for the team, you could look at this year as a bridge between a great era. Medford will skate again someday on the Garden Ice.

In the world where flips and tumbles are the norm, and swinging and balance are certainly paramount, we find the 1993-1994 Girls Varsity Gymnastics Team.

With gymnastics, there are fewer meets than say a basketball team may have games, so when there was one, they were each treated as the most important of the season. Not many people realize how broad the field of gymnastics is. With four events in each contest, there are some individual battles as well as the team's overall performance.

Led by senior Captain Jen Guarino, the group was movin' and groovin' all season long. The squad, thirteen members strong made up the team of mostly underclassmen. They were coached by the very capable Kim Donners, who was assisted by Mike Bates. Jen Guarino is the lone graduating senior.

As to the season's highlights, we found the team stumble to a 2-3 start but recovered nicely and finished in a 3-way tie for 2nd place in the GBL. The matches that they lost were all by scant margins, they were never blown out of competition. The stars of the team include of course, Jen Guarino, and Susan Cataldo, Kelly Corrigan, Melissa Sheetoo, Alexis Mattola, and Renee Logudice.

Other members were Casey Pratt, Mary Jane Puccio, Kristin Howell, Debbie Vince, Erika Ziobro, Andrea Champaglia, and Paige Higgins.

# "SPLISH SPLASH"

The 1993-1994 Medford Swim Team showed their true Mustang spirit after overcoming many obstacles in order to practice and compete. Under the guidance of coach Mary Judge and asst. coach Mary Hoarty, the team tallied a 2 and 7 record. Despite the ratio of wins to losses the team exhibited the determination and pride that makes a true Mustang, a true success. The team's two wins came over Hamilton-Wenham and North Reading. Led by co-captains Angela Maunsell and Laura Volpe, the team made impressive appearances at each meet. With powerful underclass swimmers such as, Danielle Peluso, Chris Gallant, Ellen Toomey, Katie Yaeger, and Stephen Georgopoulos, Medford will make more than a "splish splash" in the pool. Good Luck to the future swim teams.

Senior Co-Captains Laura Volpe and Angela Maunsell appear right at home in the water.

Coach Mary Judge explains the scheduling process and the assignments to three team members concerning the upcoming meet.

As any good runner knows, it's endurance as well as speed that wins races. The Medford Mustangs Indoor Track team displayed both all season long.

Under the guidance of coach Stephen Mascoll, the team vaulted it's way through competition. There were lots of members on the squad this year, and with not too many seniors, the team doesn't have to undergo any massive rebuilding next year.

As to the individual athletes, Medford possessed two of the best runners in the state, Amanda Fitzmeyer and Sean Griffin. Fitzmeyer is regarded as the best 600 yard runner in the country and Griffin holds several league records. The duo also share the rank of Co-Captains with two other outstanding runners, football star Tirrell Halls and senior Darlene Penachio. There were also some other athletes who had great years; Rita Bertorelli, Bridget Christensen, Andy Jenner, and a host of other upcoming underclassmen.

The team themselves were both loyal and dedicated, to themselves and their teammates. Each and every time they took to the track, they simply took our breath away . . . Hats off to the 1993-1994 Indoor Track Team, they certainly deserve it.

## Take My Breath Away

# “GETTING INTO THE SWING”

The boys golf team got off and swinging early this year and when they stopped on the 18th hole, they looked straight down the fairway to a berth in the state tournament.

With a final record of 12-2, the squad placed second in the GBL and earned a spot playing in the state tourney, the first time this has been done in Medford since 1989.

The boys team were led by veteran Co-captains Bill Condon and Jason Harris, and they also got some outstanding play from Steve Quaterone, Jeff Buldini, Joey Roy, and the most pleasant surprise of the season, senior Fred Burke.

This excellent performance is typical of the teams that Coach Jewett coaches. They practiced hard and came to play every match they had, earning them the respect of both their opponents, and the graduating class of 1994.

(L-R): Asst. Coach Kevin Hickey, Jim Fazio, Matt O'Conner, Angelo Antidormi, Fred Burke, Co-Captains Jason Harris and Bill Condon, Steve Quaterone, Jeff Buldini, Matt Marino, Joey Roy, and Head Coach Frank Jewett.

# SPORTS IN REVIEW

# DIFFERENT STROKES . . . DIFFERENT FOLKS

The groups on the following pages represent some of the many activities and clubs that are available to the students in the high school. Unfortunately not all the clubs offered are represented in this section, due to numerous snow storms, bad timing, and other unforeseen circumstances we were not able to shoot pictures for all clubs. We tried as hard as we could to include as many as possible, but this is only a sampling of what the Medford High community has to offer students.

The Audio Visual Club remains active both during and after school. They provide and assist teachers and students with electronical equipment such as televisions, V.C.R.'s and recording devices. In addition, advisor Lisa Porter and the club members also have the task of controlling the sound and lighting systems during school plays and fuctions.

# “TURN THE PAGE”

## M.H.S. BLUE AND WHITE STAFF - 1994

Dianne Campbell and Laura Volpe are all smiles about the yearbook sales.

Blue & White: Back Row (l to r) Mr. Earley, Matthew Witkus, Adam Silvani, Stephen Georgeopolus, Front Row (l to r) Dianne Campbell, Laura Volpe, Angela Maunsell, Maryanne Thurrott, Laurie MacDonald.

In April 1993, the 1994 **Blue & White** staff began the process of designing, funding, and publishing their version of the **Blue & White**. Initial meetings focused on a theme, a way to make their yearbook unique to their class and appropriate for their class. After several meetings were held and a lot of ideas passed around, the group found a common thread in their lives, music. It appeared in different styles but it was found to be a basic and enjoyable part of life for most, if not all seniors. Hence “Lyrics of Life” was selected as the 1994 yearbook theme. No matter what each page was about, popular song lyrics were found to complete the page. We feel the theme is not only appropriate but well integrated into the publication.

In early July 1993, Angela Maunsell, Maryanne Thurrott, Laurie MacDonald, and Matt Witkus accompanied me to Bryant College, Smithfield, RI, for an intensive three day training session related to yearbook publishing. Many meetings, many hours, many demands readied these publication editors for the future deadlines and all that they entailed.

In September 1993, Laura Volpe, Dianne Campbell, Adam Silvani, Musukulla Massaquoi, Shirley Chevy, and Datcha Mitchell organized to tackle the financial needs of the **Blue & White**. Advertising, the baby pictures section and yearbook sales are depended upon to supply the revenue needed to support the publication costs of this book. As with the publication editors, these people fulfilled expectations and worked independently on the different responsibilities involved. The advertising sales staff created the right mix of aggressiveness and diplomacy to represent the school out in the business community proudly and exceed established goals. Yearbook sales was a full year responsibility for Adam. Revising record keeping, following up potential sales, & collecting overdue payments was tedious but vital. Laura and Dianne handled the mailings and correspondence needed to insure that the baby picture section was the largest and best in **Blue & White** history.

From day one, the elements of cooperation and teamwork were present among these seniors. Individual wishes were respected but consensus was the rule. Deadlines were met, obstacles were overcome, and the quality product is evidence of a group of individuals working together for a common goal. The Medford High School community can and should be proud of the efforts and accomplishments of the **Blue & White '94** staff. As for me, the faculty advisor, I simply and sincerely state that this is in total the best staff that I have had the pleasure of working with. Their productivity and efficiency were only surpassed by the quality of their characters. The class of 1994 has been proudly represented by the “Class” of the 1994 **Blue & White Yearbook Staff**.
